

Oil lamps from PeriLiving

Safety instructions - English

This product has been developed in accordance with European Standard 14059 : 2002.

General care:

1. avoid shocks and impacts

Warning:

1. do not place the lamps in direct sunlight. Under certain conditions, some glass moulds may concentrate the sun's rays on nearby surfaces and cause a burn.

2. please keep all oil lamps and lamp fuels out of the reach of children both during use and storage.

3. do not leave burning oil lamps unattended.

4. even one sip from the oil lamp - or even sucking on the wick - can cause life-threatening lung damage in small children. If lamp oil is swallowed, do not induce vomiting. Seek medical advice or contact a Poisons Information Centre and show these warnings.
